

The background features a complex network of white nodes connected by thin white lines, set against a gradient background that transitions from dark purple at the top to a bright pink at the bottom. The nodes are scattered across the frame, with some forming distinct geometric shapes like triangles and quadrilaterals. The overall aesthetic is modern and digital.

Scandalous is complex, emotionally riveting, and an intricately plotted work of art. It's thought-provoking and guaranteed to steal your heart. I was in tears at the end. #BestEpilogueAward. I always expect the unexpected with the Hotholes and Trent did not disappoint.

"Oh, God. He was such a sociopath. And I was in so much trouble."

It was a completely different experience. My reaction was more visceral and cerebral. Days later and I'm still thinking about the story---still thinking about the sacrifices these characters were willing to make for those they love. It's LJ's best writing to date. She had me all up in my feelings!

"I always enjoyed the broken in the fairy tales better. The apple always looked shinier because I knew it could destroy me."

What stands out most in this installment of the series, are the main characters. They're all broken. They yearn for something and those yearnings became my own. Any reader can relate to wanting the things they desire. Another standout were the relationships between various characters. They're all unconventional | perfectly imperfect. Folks, this isn't a cookie cutter, everyone is perfect, let's go skipping through a field of daisies type of romance. It's like real life... messy, unfiltered, and beautiful.

Scandalous

The characters aren't average or typically and neither is their love. I don't comment on the age or race difference because the relationship is as it should be, in my opinion. Love doesn't discriminate.

"And I will never love anyone else the way I do you, because it's not about my age. It's about my heart."

Now for the shocker...Evie is my favorite main character. I can identify with Trent-- his experiences, past, love for his family, pretty much everything (except being a dude)! However, Evie stole my heart. She's strong and resilient, mature beyond her years, and determined woman. Loved her!

So, to sum up this long ass rambling review...I really enjoyed Scandalous and highly recommend it to everyone. It's a page-turner that is guaranteed to entertain fans of the series and new readers alike. Another 5* read from L.J. Shen. Highly Recommended!!

But besides having one gorgeous hunk of a man, SCANDALOUS really lived up to its name!!

It was SCANDALOUS, TANTALIZING and PANTY DROPPING HOT, in the most exhilarating way. I was so not prepared for Trent and Edie. There was no way I could have imagined how explosive this couple would be. From the very first moment they met the world stopped existing, faded away to leave Trent and Edie on an emotional and life altering roller coaster ride.

I must say Trent was an amazing and deeply enigmatic character. He was the quiet but dangerous sort of hero. The way he manipulated everyone around him was incredibly appealing. The quiet personalities often turn out to be the most interesting of all characters. And Trent was a perfect example. He had me glued to the pages. I was fascinated by every step he took, every word he spoke, and his thought process made me all hot and bothered - he was delectable.

He checked all of my jerk boxes. Crude, straightforward, blunt, uncompromisingly himself. His barely checked attitude towards everyone that wasn't his daughter or the rest of the HotHoles had me salivating for more. I'm so strange. :D

I adored how he slowly revealed parts of himself. On random occasions he threw bits and pieces at Edie, almost like a plea to not give up on him. And every single time Edie turned into a gooey mess. Me too!!!!

Trent was FANFLIPPINGTASTIC!!!

Now, Edie was a touch cookie herself. I was impressed and amazed by her determination and loyalty. Her situation broke my heart, but her steely resolve and willpower made her a fierce character and a perfect partner for Trent. She was as broken and flawed as Trent. But even though Edie was much younger, she was his equal in many ways. Because when it came down to just Trent and Edie, she matched him in every way that counted. Her ferocious loyalty and fierce protective sense, her passionate and sexual appetite, her no-nonsense and take-no-shit attitude all struck a chord with Trent. Two broken souls finding their match. It was a love-story of scandalous proportions.

Scandalous

Leigh Shen gave Trent the PERFECT woman to fall in love with. No other women could have touched his heart and awoken such fundamentally changing feelings in him. It seems like he was waiting for Edie his entire life. From the very first moment they met, he felt that he would never be the same again. And in a strange way he accepted it - and that was one of the things I LOVED the most about him.

I could go on and on about this book.

I'll end this review by saying that this book ROCKED my world. I never thought that Leigh could top VICIOUS but SCANDALOUS was as fascinating as it was emotionally gripping. It was a MASTERPIECE!!!
