Release: Winter 2019

ITUE

## Itunes Connect

So different, and yet uniquely L.J. Shen! I absolutely loved this new world and characters.

BETA read

I'm sorry.. what? ANOTHER book by Leigh

ITUE

## Itunes Movies

I don't know what it's about but I bet I'm going to enjoy reading it.

Full review closer to release date.

Coming November 2019  

## Ituen Basi

Don't know anything about it other than LJ Shen is the author, and honestly, that's all I need.

This book was so surprising, different than what I expected, better than what I expected. There's something about Leigh's writing that sucks you in, and you know when you open the pages to one of her books, you're in for a wild ride. 1000000% recommended.
